INFANT JESUS OF PRAGUE SCHOOL

KINDERGARTEN CURRICULUM

This curriculum guide presents a brief overview of this year's studies. It summarizes the key topics taught in each curriculum area. The topics and skills stated are emphasized at this grade level. Infant Jesus of Prague School endeavors to treat each student as a unique individual who develops at his or her own pace. Some students enter a grade without having mastered all academic skills. These students may need review and remedial assistance before mastering the skills taught at this grade level. Other students may need opportunities to reinforce and expand their understanding and mastery of the curriculum. Infant Jesus of Prague School strives to meet the academic needs of all students.

Your comments and inquiries are welcome.

Infant Jesus of Prague Faculty
